

Impératrice

Freestanding bathtub hand sculpted from a single piece of high grade solid stone

Reference: IMP

Impératrice is shown on the left in polished Bianco marble

Overall Dimensions: W: 180cm x D: 77cm x H: 67cm
W: 70 7/8" x D: 30 1/4" x H: 26 5/8"

Material: Impératrice can be sculpted from a range of marble subject to stone availability and suitability

Weight: Approximately 600kg (1350lb)

Tap and waste hole configuration:

- Impératrice is supplied without tap holes
 - It is recommended that floor standing brassware be fitted onto extension legs or wall mounted brassware be used
 - A 45mm (1 3/4") waste hole is centrally drilled to accommodate a standard waste system
 - The waste pipe system (not supplied) is carefully concealed in the base of the bath to facilitate installation and to prevent exposure of unattractive pipes.
-

Physical considerations:

- Impératrice bath has been ergonomically designed and tested to ensure optimum bather comfort
 - The use of stone as a material for baths effectively enables the water to retain its heat
-

Optional Fittings

- To discuss the supply of optional brassware and waste fittings for the Impératrice bath tub please contact us on +44 (0) 121 359 6457
-

Note: each bath tub is hand-made and finished to order
